

What is an EHCP/Annual Review?

It is a celebration of a pupil's achievement:

- A review of pupil's needs.
- A chance to ensure the EHCP or Statement is still relevant and up to date
- A chance to talk through any progress and problems your child is encountering

Who goes to the Review?

Lots of people are invited, in fact everyone who is involved with your child's education and health needs. This could include a Psychologist, Social Worker, an Officer from the Local Authority, Prospects (Career Advice)

Not everybody is able to come but a Senior Manager or the Class Teacher or another Representative of the School, and hopefully you and your child will be there.

How long will the meeting last for?

An hour is allocated for the meeting.

ELMWOOD SCHOOL

What if I can't make the Annual Review Date?

The meeting is likely to go ahead but please do your best to return the parental view forms.

You will still receive information about the outcome of the meeting.

What do I have to do?

It would be helpful if you could complete the parental comments sheets and bring it or send it to School, stating whether you are able to come to the review meeting or not. These are included with the School and other reports.

At the meeting you will be able to discuss your child's progress and any other concerns.

Who do I get in touch with if I have a problem with the forms or the meeting?

Please contact our Family Welfare Officer.

What happens after the meeting?

The reports and notes made during the meeting are sent to the Local Authority. This information is kept to record progress and any concerns or Issues that may require monitoring during the next year. The Local Authority review the Statement after reading all the information and notify you if they decide to alter the Statement.

Person Centred Reviews

These take place in Years 9, 10 and 11 and their aim is to plan for the young persons transition to adult life. During these reviews the focus is a celebration of what your child has achieved what hasn't worked and what is important now.

Family support is encouraged at these reviews.
